

THE CITY OF NEW YORK
OFFICE OF THE MAYOR
NEW YORK, N.Y. 10007

June 16, 2010

Dear Friends:

It is a great pleasure to send greetings to the members of the American Council of Engineering Companies of New York.

Since its inception in 1921, ACEC New York has played a vital role in connecting consulting engineers throughout the metropolitan area. Their members form an invaluable network of mutual support and career development, which is an especially important resource as our City continues to recover from the global economic downturn. The ideas and information available through this organization are critical to the well-being of individuals and businesses alike, and I commend all of its members for their long-standing efforts to enhance the knowledge and effectiveness of its 240 firms throughout New York State.

On behalf of the City New York, I'm delighted to recognize ACEC New York for its tremendous contributions to our City's proud engineering industry. Please accept my best wishes for an enjoyable luncheon and continued success.

Sincerely,

Michael R. Bloomberg
Mayor
