The Little Green Schoolhouse: LEED for Schools & Acoustics

Credit: 1 PDH
Costs: \$70 (Member rate) for a single site connection, allows participants in your listening audience (pricing across). Each registration includes 1 Telephone (Audio) and 1 Internet (Visual) connection (one site connection). The call-in line is toll free. Multiple connections at one site require a separate site fee and registration form. Please list all attendees (per site) on this form and the contact person (Site Coordinator*). Attendees may be added on day of Webinar but must register for site connections ahead of time.

Details: To participate you need a speaker phone to hear the audio, and a PC/laptop with Internet connection for the visual. Individual sites will have the opportunity to ask questions to the presenter. **Suggested:** A Site may have 1 site connection, and project images to an audience. Therefore, they pay only one site fee in addition to attendees fees.

PDH Credit: After receiving your site's faxed sign-in/attendance sheet, we will send certificates via e-mail to the Site Coordinator* at your firm.

Cancellations/Changes: If a site fails to connect on day of Webinar, no refunds will be issued. No-show attendees will be charged; however, substitutions are allowed.

Course Description: Acoustical design guidelines for classrooms have been established. Further, LEED acoustical performance criteria have been set forth. How easily can these standards be applied to new school construction or renovations? What are the cost implications with incorporating these standards? Are the school designers amenable to the acoustical design considerations to achieve these standards? This program will evaluate through case studies how to achieve these standards, specifically discussing mechanical system design, interior finishes, and wall/floor assemblies.

Instructors: Ken Shook, Senior Associate & Jeremy Capungcol, Junior Associate
 Cerami & Associates, Inc.
